EDITION - MARCH 2K24
PRODUCT & PRICING MANUAL

Experience the amazing!

Simply amazing!

How amazing can electrical switches, lights, fans, and wires be? Unbelievably so, if you look at the Goldmedal range of products. First of all, they are all so fashionable to look at - from their sleek lines to their gorgeous colours and finishes, these products are a fashionista's dream come true. They can truly elevate any space with their stunning looks.

But you don't have to go by their looks alone. Consider their functionality and you'll appreciate why they are so amazing! Whether it is their home automation products or their fans or their LED lights or even simple products like switches and modular plates; every product has a unique design that has a purpose to it. Most of them are designed with Indian conditions, needs, and tastes in mind. Every product is thus a wonderful blend of style and functionality.

As someone who appreciates great style and loves incorporating such products in their daily lifestyle, I'm absolutely thrilled to be associated with the Goldmedal brand. Their products complement my sense of fashion and it's exciting for me to showcase these products to you! I hope you'll find them equally amazing!

i-TOUCH

GIFA F9 Absolute White Plate
With i-Touch Switches

Experience personalized automation, scheduling, and energy efficiency with the GIFA i-Touch switches. Powered by Zigbee technology, these switches offer unparalleled convenience and control. Enjoy effortless management of your lighting and appliances from anywhere with Zigbee's low-power, wireless connectivity. Revolutionize your homes and embrace the future of home automation with GIFA i-Touch switches, where simplicity meets sophistication, enhancing your lifestyle with every touch.

GIFA F9 Absolute White Plate with G-Style Switches & Regulator in Titanium Grey

F9
PLATES

The power that directly influences our soul.

Colour is a language that speaks directly to our souls. It has the ability to awaken our senses, ignite our passions, and create a profound impact on our overall well-being. It reaches deep within us, stirring emotions, evoking memories, and shaping our perceptions of the world. From the vibrant radiance of a sunset to the subtle tones of a delicate flower petal, colour possesses the profound capacity to transform our moods, uplift our spirits, and ignite our creativity. So, let us embrace the vibrant palette that surrounds us to enrich and transform our lives in ways we may not always realize.

GIFA presents the Smart Dock that can be a smart companion to your smartphone! At rest, the Smart Dock remains flush with the cover plate. Apply gentle pressure on the unit and it springs out into position. Simply place your phone on the console to get it charging. Along with listening to FM, you can also listen to the music on your phone, plus make, receive, reject and end calls, as well as control the volume of the phone and change music tracks. And you can do all of these with the help of buttons, voice control, and some even through hand gestures!

GIFA Ag Blue Sapphire Cover Plate with i-Dock in Titanium Grey

Sound never looked better!

Bold. Contemporary.
Truly modern.

G-Style

The G-style switch lives up to its name with its breathtakingly modern and stylish appearance. An angular switch with defined body lines, delicately curved edges, and a metallic glaze finish, the G-Style has a striking presence in any setting. With its effortless symphony of form and function, the G-Style easily complements the aesthetics of every modern home.

G-Style
Ideal for modern interiors

G-Echo

G-Echo modular switches are characterized by sleek, clean lines with minimal embellishments. These switches, crafted for contemporary living, appeal to those who value a modern yet minimalist lifestyle. Made with superior-quality materials, this new range of modular devices promises to offer users a sophisticated experience.

G-Echo
Designed for modern lifestyles

G-Line

It doesn't get more minimalistic than this! The straight, clean lines of the G-Line, with its barest-minimum-possible protrusion over the cover plate surface, conveys the futuristic, minimalistic look that defines GIFA. Classically perfect, yet contemporary in styling, the G-Line is a pleasure to use at home and at work.

G-Line
Perfect crisp lines that define the Air range

Ultimate sophistication.

The GIFA range of modular inserts is minimalistic not just for aesthetic purposes but as a design philosophy. Represented by clear straight lines, crisp finishes, and minimum flourishes, these inserts are perfectly streamlined for optimum functionality. Deep thought has been given into the configuration and purpose of each product. The end result is an effortless symphony of form with function and class with comfort that will surprise and delight you on an everyday basis.

ZEN 2 Way Switch with Indicator (4 Gang)

ZEN

The Zen switch panels are aesthetically designed architectural switch systems that feature push-button switches along with other modular functionalities. With its intuitive design, high gloss finish, and versatile combinations, the Zen switch panels offer both style and convenience at your fingertips. Equipped with multifunctional sockets, USB slots, LEDs for visibility in the dark, and more, the Zen modules are perfect for modern homes, stylish offices, and upscale hospitality environments.

Gifa F9 Tom & Jerry Plate with Titanium Grey G-Line Switch

F9

The F9 range of modular plates are distinctly contemporary in styling. Represented by clear straight lines, crisp finish and imaginative use of colours, these cover plates showcase the very essential components of style. With a minimum of flourishes and embellishments, the F9 communicates the concept of a contemporary cover plate with remarkable clarity and power. Simple and elegant at first look, the F9 will steal your heart over a period of time.

Gifa Ag Blue Sapphire Plate with Titanium Grey G-Line Switch, Regulator

A9

The colours of the A9 cover plates are modern yet delicate and almost ethereal in many ways. The tone is muted, relaxed and calm to ensure that these cover plates create a warm, welcoming environment around them. The choice of colours and texture allows the A9 cover plates to coexist peacefully with almost any type of ambience. Complement it with light interiors to create an air of purity and elegance or contrast it with dark interiors to create a rich, plush setting!

Gifa X9 Absolute White Plate with Titanium Grey C-Slide Switch, Regulator

X9

It's the cover plate with the X-factor. Shaped like an eye-catching curved TV, the X9 cover plate exhibits the aesthetics of an artistic centerpiece. Mount it on the wall and its curved shape lends this cover plate a floating look that appears ultra premium in any setting. Another unique feature is the raised chrome frame at the centre which elevates the design to a whole new level. Available in a variety of finishes, the X9 is a cover plate that's distinctly a cut above the rest.

WEGA
Modular Plates

A visual symphony that elevates our existence.

Colours influence our everyday lives in ways we may not always realize. They surround us in every aspect of our lives, painting the world with a vibrant palette that evokes emotions, ignites imagination, and shapes our perceptions. It plays a pivotal role in human expressions and creations. They awaken a sense of wonder, reminding us of the awe-inspiring wonders that surround us. Therefore, let us fill our lives with the beauty of colours and create a life adorned with shades that make each moment more meaningful.

Endless possibilities for modern living

Nixon represents a new era in stylish living. Crafted in contemporary styles with minimalistic profiles in classical as well as revolutionary shades. Nixon introduces a variety of high quality lifestyle products that will change the way you look at modular switches and functions. All Nixon products are compatible with a variety of Goldmedal plates, including the Wega, making the possibilities for form, finish and colours, simply endless.

Comfort & reliability built
on high-performance material.

Polybutylene Terephthalate (PBT) Switches

Switches are superior quality electrical devices that are easy on the eye and extremely delightful to use. Making the smooth user experience possible is a combination of components that are precisely crafted from high-quality materials. The terminal contacts are supported by a casing of polybutylene terephthalate (PBT) within a PC base. With a high melting point above 200 degree Celsius, the PBT casing insulates every part of the switch from any electrical or thermal leakages. The thoughtful construction of the Goldmedal switches thus ensures greater reliability and increased durability over its long years of service.

Wega Titanium Grey Plate
with Digital Silver Wi-Fi Router+Extender

Working from home calls for a reliable Wi-Fi network. Goldmedal's Wi-Fi Router + Extender is a smart solution for dead zone problems that many face. This unique device not only ensures uninterrupted and consistent Wi-Fi connectivity but can also extend the network signal to the remotest corners of your home. The device also has an inbuilt USB port for charging devices and Ethernet port for Internet connectivity. On the subject of charging, you should also consider the USB Charger & International Socket for getting your smart devices and electrical appliances charged. Along with charging your mobile devices, it also accepts different types of international plugs.

Presenting the next step in smart living. The i-Touch WiFi panels are the latest devices in Goldmedal's family of automation switches. Sleek and stylish in appearance, these backlit LED WiFi panels have a host of functions including switches, fan regulators, dimmers, USB sockets, and international sockets. Apart from manual operations, you can also control these panels using the RF Remote control and voice commands. You can even operate these panels from anywhere in the world using the i-World mobile app. There's no gateway required - the technology is built into the device. A complete system by itself, the module can be installed directly into a regular junction without the need for any new wiring.

102539	Electronic Bell (2M) 240V-50-60Hz	419.00	460.00	10/300
ELECTRONIC DOOR BELLS (4 Module) NEW				
104541	Electronic Multi Tune Bell with 4 selectable melodies Supply voltage 240V- 50-60Hz,	1086.00	1208.00	5/150
i-TOUCH RF SWITCHES / UNIVERSAL SWITCH (2 Module)				
102544	i-Touch 2 Switch Supply voltage 160-240V-, 6A relay output Operating load (ICFL & LED): 100W Max (per switch) Radio Frequency : 433.92 Mhz Can also be operated by RF Remote control-103268 or web/mobile application via Gateway-101646	3500.00	3900.00	5/100
102545	i-Touch Universal Switch Supply voltage 240V-, - Can be paired wirelessly with any Goldmedal RF switch, fan regulator, dimmer etc. (Touch, i-Touch and i-Feel) as a two way switch - Can be configured as a switch for any particular scene or All ON or All OFF command	3900.00	4300.00	5/100
i-TOUCH BELL PUSH / RF 20A SWITCH (2 Module)				
102548	i-Touch Bell Push Switch Supply voltage 160-240V- 2A relay output	2300.00	2500.00	5/100
102550	i-Touch 20A Switch Supply voltage 160-240V-, 20A relay output Operating load (ICFL & LED): 200W Max Air conditioner: 2 ton Radio Frequency : 433.92 Mhz Can also be operated by RF Remote control-103268 or web/mobile application via Gateway-101646	3600.00	4000.00	5/100

Code	Item	MRP ₹		Pkg.
		Absolute White	Digital Silver Titanium Grey	
i-TOUCH RF DIMMER/FAN REGULATOR/DRAPE CONTROLLER (2M)				
102553	i-Touch Light Dimmer Supply voltage 160-240V~, Triac Technology with soft end & soft start function Operating load (LED) : 80W (Max) Incandescent Light: 40-450W <i>Not suitable for Fan</i>	3500.00	3800.00	5/100
102554	i-Touch Fan Regulator Supply voltage 160-240V~ Variable Capacitance based 4 step regulator Operating load (Fan) : 100W	3500.00	3800.00	5/100
102556	i-Touch Drape Controller Supply voltage 160-240V~ 2.5A relay output Electronic RF Drape Controller suitable for AC Motor Radio Frequency : 433.92 Mhz Can also be operated by RF Remote control-103268 or web/mobile application via Gateway-101646	3800.00	4200.00	5/100

i-TOUCH DO NOT DISTURB/MAKE MY ROOM (2 Module)				
102560	i-Touch DND / Make My Room / Please Wait (Inside Room)	2100.00	2500.00	5/100
102561	i-Touch DND / Make My Room / Please Wait with Bell Push Switch (Outside Room) Supply voltage 160-240V~ (Inside & outside unit are connected to each other)	2300.00	2700.00	5/100

32A MAIN SWITCH (3 Module)				
103562	32A DP Operated by Key Tag 240V~, LED Supplied with Key Tag For key tag please refer Curve product 102164	571.00	627.00	5/150

32A MAIN SWITCH (2 Module)				
102563	32A DP Operated by Key Tag 240V~, LED Supplied with Key Tag	680.00	748.00	10/300
102564	Only Key Tag with Name Plate	121.00	131.00	N.A.

25A ELECTRONIC BADGE SWITCH (3 Module)				
103565	Electronic Switch with Smart Card 25A, 160-240V~ 50-60Hz with indicator (LED) & Integral relay having exit delay. For smart card please refer Curve product 103166	1737.00	1907.00	5/100

BELL INDICATOR (6 Module) 240~				
106567	Bell Indicator with 6 Display Units with buzzer, reset switches & name plate	1699.00	1899.00	5/100

i-WORLDAutomation

Goldmedal presents the i-World app. The easiest, most convenient way to monitor, control, and customize all your electrical devices that are part of the i-Touch/i-Smart Wi-Fi ecosystem.

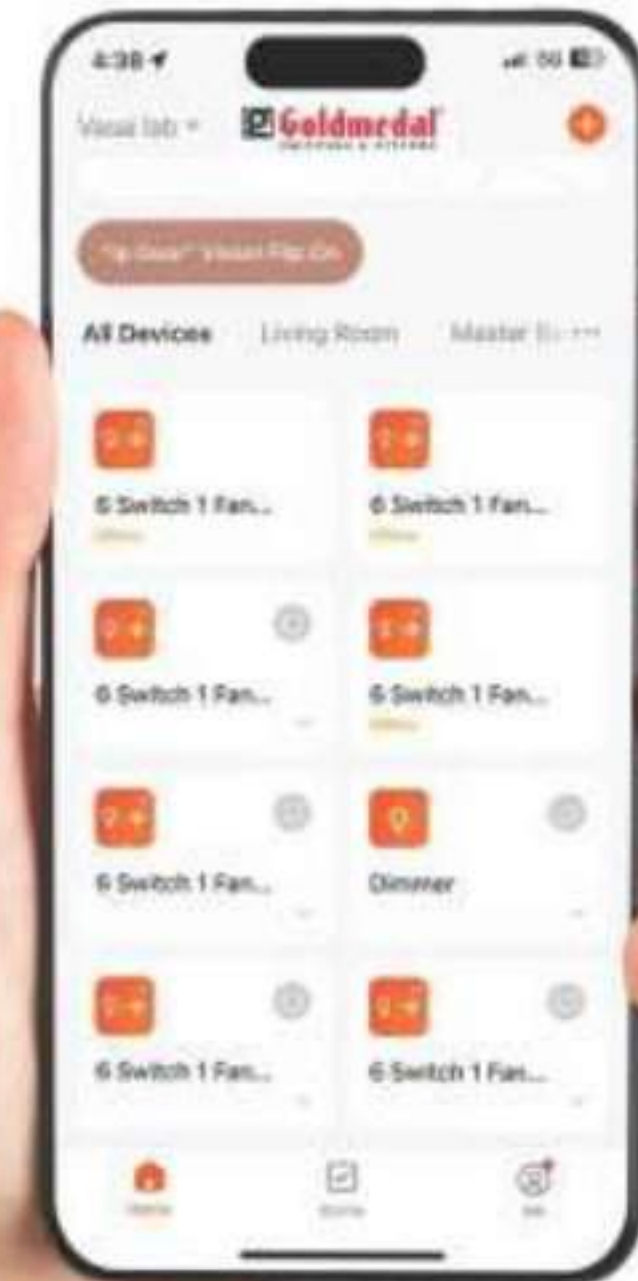

You can not only control devices, but also share this control with others by creating multiple users and setting up different usage rights. So, share control with your family, or restrict usage of certain rooms or devices with other users, or categorize devices by room, or assign administrator rights to someone – the possibilities are simply immense.

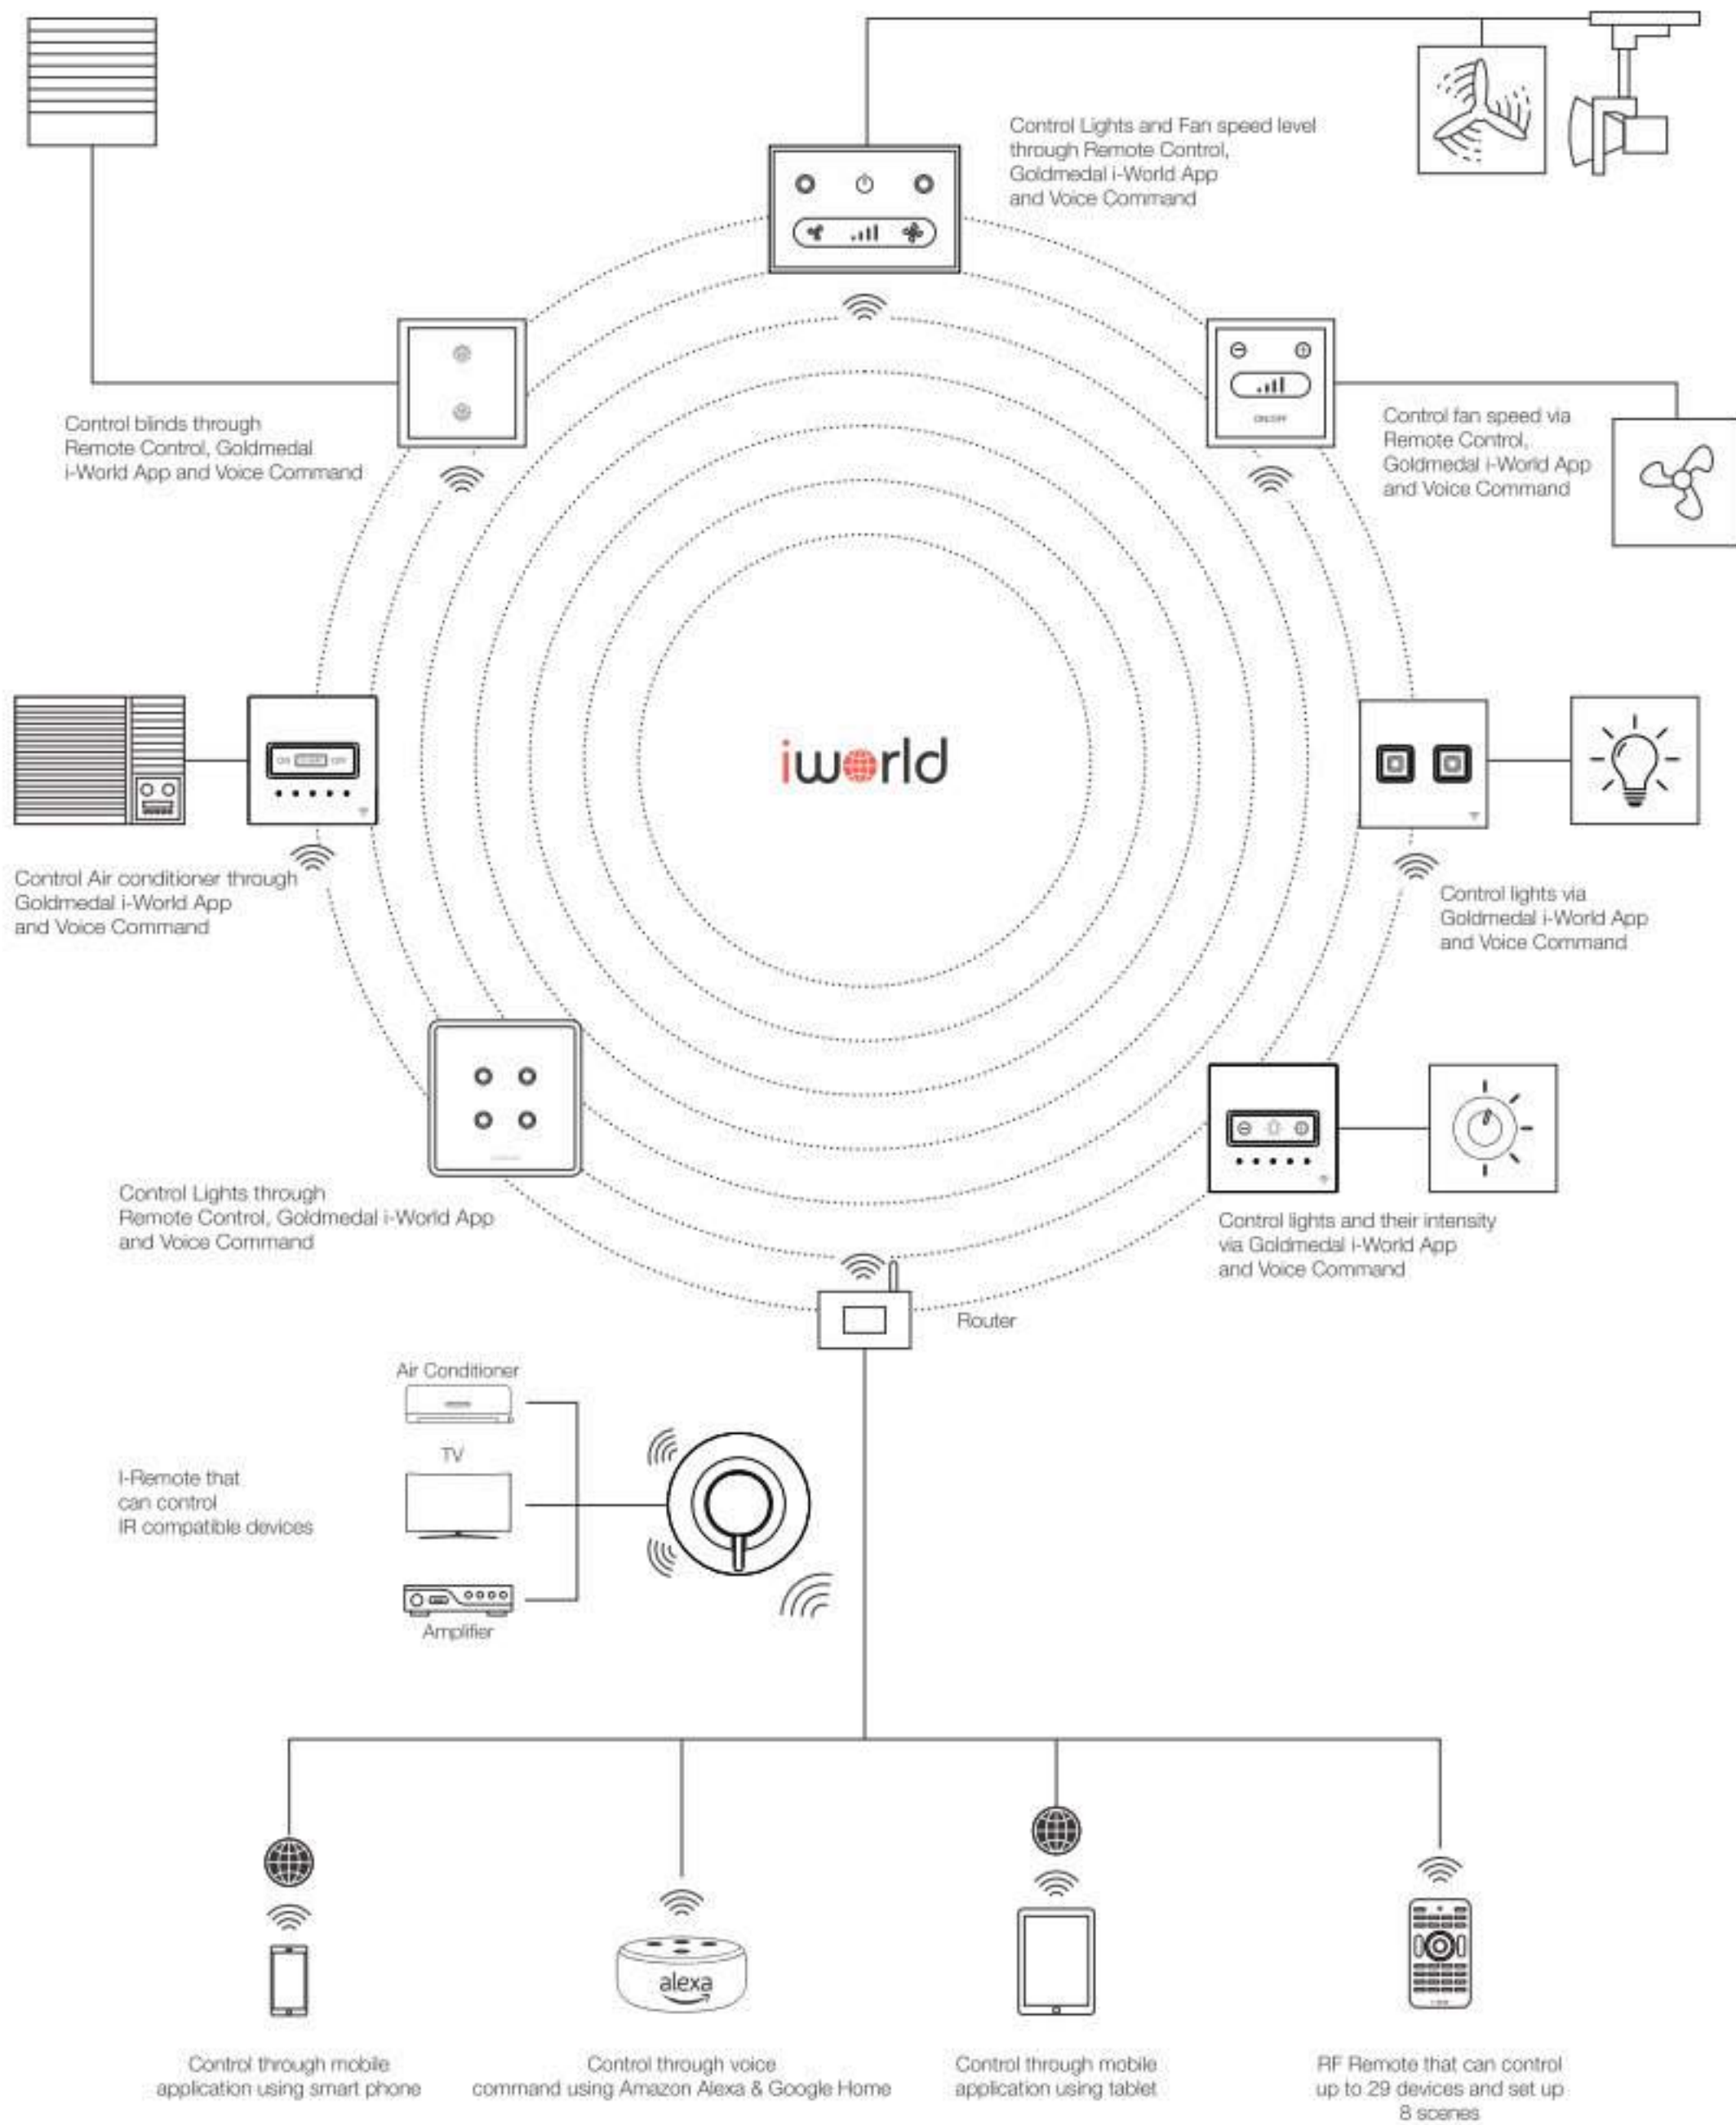

The i-World app can also be integrated with Amazon Alexa and Google Home Assistant. Just speak out your wish and the i-World app will do as you command!

Switch to a smarter lifestyle with smart switches from Goldmedal.

Goldmedal i-World
 Download the Goldmedal i-World App on your smart device to control your i-Touch & i-Smart WiFi Switches from anywhere in the world. Download now!

i-TOUCH WI-FI / i-SMART WI-FI / i-TOUCH WI-FI PANEL

Installing i-Touch Wi-Fi/i-Smart Wi-Fi/i-Touch Wi-Fi panel does not require any drilling or additional wiring. Simply plug them into your existing wiring and it's done. These switches and panels are designed with Switched Mode Power Supply (SMPS) for improved reliability, over-current, and over-voltage protection. (For specific installation and technical details, please refer to the technical sheet provided within the product packaging).

i-Touch Wi-Fi 4 Switch with Master (Wiring Diagram)

Technical Specifications

- Rated Voltage: 160-240V~ 50-60Hz
- Rated Load per Switch :
- a) Capacitive Load - CFL & LED (PF>0.8) : 100W
- b) Resistive Load - Incandescent & Halogen Lights: 1000 W
- c) Inductive Load - Fan and Motor : 800W
- Service Life: 50,000 Operations

i-Touch Wi-Fi 2 Switch + 1 Fan Regulator with Master (Wiring Diagram)

Technical Specifications

- Rated Voltage: 160-240V~ 50Hz
- Rated Load per switch:
- a) Capacitive Load - CFL & LED (PF>0.8) : 100W
- b) Resistive Load - Incandescent & Halogen Lights: 1000 W
- c) Inductive Load - Fan and Motor - 800 W
- Rated Load: Fan Regulator - Max 100 W
- 4-Level Speed Selection with Indicator
- Service Life: 50,000 Operations

i-Smart Fan Regulator (Wiring Diagram)

Controllable Load:

- Rated Voltage : 160-240V~ 50Hz
- Rated load : 100W Max
- Speed Level - 5 Steps

i-Touch Wi-Fi 4 Switch + Fan Regulator + 2 USB Port (With Glass Plate) (Wiring Diagram)

Technical Specifications

- Rated Voltage: 160-240V~ 50Hz
- Rated output (USB): 5.0V DC, 2000mA (max)
- Rated Load per switch:
- a) Capacitive Load - CFL & LED (PF>0.8) : 100W
- b) Resistive Load - Incandescent & Halogen Lights: 1000 W
- c) Inductive Load - Fan and Motor - 800 W
- Rated Load: Fan Regulator - Max 100 W
- 5-Level Speed Selection with Indicator
- Service Life: 50,000 Operations

Wire colour codes: ■ Red (live),

■ Blue (load).

The circle of power and style.

Boomeroo
Pop-Up Multi Socket Cabinet
(Concealed - Table Mounted)

Boomeroo
Electrical Power Track
(Concealed)

The Boomeroo multiplug, smart pop-up socket revolutionizes workspace connectivity by integrating features such as a wireless charger, Bluetooth speaker, USB socket, and inductive touch switch. Meanwhile, the Boomeroo power track and movable sockets offer unparalleled flexibility that allows you to power or charge your devices conveniently. Both devices are perfect for enhancing functionality and convenience across various settings such as office tables, meeting tables, insular shelves, bar counters, kitchen worktops, desks, and exhibition rooms. They offer a seamless blend of technology and design, catering to the modern, dynamic workspace.

BOOMEROO ELECTRICAL POWER TRACK CONCEALED NEW

105001	Boomeroo Power Track 60cm Size: 8x1.9x60 (WxHxL)	-	7000.00	1/20
105002	Boomeroo Power Track 100cm Size: 8x1.9x100 (WxHxL)	-	9000.00	1/15
105003	Boomeroo Power Track 150cm Size: 8x1.9x150 (WxHxL)	-	13500.00	1/08

Supply Voltage : 110 -250V- 50Hz
Rated Current: 32A Rated Power:8000W (Max)
-IP 20, Aluminum alloy, Integrated copper bar
with safety shutter

(Above size mentioned is in CM)

BOOMEROO ELECTRICAL POWER TRACK SURFACE WITH LED NEW

105006	Boomeroo Power Track 50cm Size: 8.6x1.9x50 (WxHxL)	-	12000.00	1/20
105007	Boomeroo Power Track 80cm Size: 8.6x1.9x80 (WxHxL)	-	14000.00	1/15

Supply Voltage : 110 -250V AC 50Hz
Rated Current: 32A
Rated Power: 8000W (Max)
Light Output: 8W (6500K)
-IP 20, Aluminum alloy, Integrated copper bar
with safety shutter

(Above size mentioned is in CM)

BOOMEROO TABLE MOUNTED TRACK SOCKET NEW

105011	Boomeroo Universal Socket Socket: 10A Universal Socket	-	1000.00	1/120
105012	Boomeroo USB Charger A & C Type USB Output: 5V=2.4A	-	2400.00	1/120

BOOMEROO POP-UP MULTI SOCKET CABINET NEW

105021	Boomeroo Pop-Up Multi Socket Cabinet (Concealed-Table Mounted) Supply Voltage : 220-240V - 50Hz USB Type-A Output: 5V=2.1A USB Type-C Output : 5V=2.1A/9V=2.25A/12V=1.66A Wireless Charging: 15W(Max) Socket : 13A Universal Socket Soft Touch based lifting function FM, Bluetooth Player, USB & Recording Mode Audio Output: Stereophonic Speaker 3W Opening Size: 95mm (Circle hole of table) Can also be operated by Goldmedal i-World app and supports voice assistants Google and Alexa.	-	-	1/20

Bella White Jazz Plate with Curve White Jazz Switches

bella

You are mesmerized by the smile of a newborn; you wonder at the precision of a perfectly drawn line. Part dreamer, part realist, you synchronize your lifestyle with the demands of your heart and mind. You'll find an expression of this rare combination in the bella range of cover panels. Choose from the natural opulence of Bellewood panels, the elegant simplicity of White Jazz, the passion and energy of Metalik, the exuberance of Antik, or the soft-to-touch feel of Bellesoft. The options on offer are simply a myriad.

Cristallo Valentine Wine Plate with Curve Digital Chrome Emergency Light

Cristallo

With Curve Cristallo, you can create style statements that echo your true self. Choose the clear, transparent Memorio panels to showcase your memories from the past. Select the specially crafted Twixos panels with two-tone colours to lend a distinct verve to your interiors. Or opt for the Illumino panels that emit a soft, gentle glow that inspires as well as guides you in total darkness... Whichever your choice, the Cristallo range doesn't just allow you to express yourself more clearly, it sets trends for the rest to follow.

Grazia Basic Moughal Teak Plate with Nixon Digital Silver Switches

grazia

Grazia, the thinnest, most stylish cover frames you can imagine, are available in Basic and Premium options. Both Basic and Premium cover frames accentuate the style quotient of your rooms with their distinctively slender appearance. The Grazia Premium has an additional chrome side casing which highlights the delightful slimness of these cover frames. Choose from either of these options to make a style statement that will always be in.

Classio Black Glossy Plate with Digital Silver I-touch Bellpush

GLASSIO

The Glassio is without doubt a classical beauty – exhibiting a smooth, glossy frontage, with soft, rounded edges and a demeanour that’s sophisticated yet warm and welcoming. The elegantly flared corners reflect and absorb light in a manner that adds depth and character to the cover plate. This interplay of light and shadow also creates a sinuous effect that makes Glassio the definitive artefact on your wall.

Air

Flat. Flawless. Flamboyant.

Aero

Completely flat -
at OFF position

The Aero redefines flat switches. Styled to remain absolutely flush with the cover plate, the Aero emphasizes the minimalistic design of the Air range. Manufactured using the very best in raw materials and processes, the Aero is both functionally and aesthetically a class apart!

Arcos

Add a new dimension to your
interiors

The Arcos switch is the perfect blend of sophistication and minimalism. The subtly contoured body and the arched edges of the Arcos is what sets it apart from its contemporaries. It makes a distinctive style statement while adhering to Goldmedal's vision of crafting extraordinary, timeless, and truly amazing switches.

Artio

Simple, minimalistic and
completely flat -
at OFF position

Inspired by the immaculate perfection of a circle, the new Artio range of switches are beautiful yet minimalistic in appearance. The Artio switch range consists of either completely circular or a combination of straight and semi-circular switches embedded within a square frame. Once installed, these switches form perfectly flat, flawless, circles.

Aura

Perfect crisp lines that define
the Air range

The Aura has a forceful presence that commands attention. With its perfect, crisp lines and distinct shape, the Aura highlights the precision and style that defines the Air range. The Aura is the perfect choice for interiors that are practical yet modern.

Arc

A symbol of elegant
minimalism

The Arc switches by Air symbolizes minimalist elegance. Easy on the eye as well as a pleasure to use, the Arc can be the perfect accessory in stylish homes with graceful settings. Crafted to perfection using the very best in technology and materials, the Arc adds a new dimension to your interiors.

Distinctly flat, slim and minimal

The AIR range of modular switches and systems breaks the mold with its classy, minimalistic, uniquely flat, and slim appearance. An example of meticulous craftsmanship, careful detailing, and unmatched excellence, the AIR range makes other ordinary switch ranges appear unwieldy and extravagant. Absolutely light and modern, the AIR range marks a new beginning in the world of standard fittings. Slim, stylish, minimal – the AIR devices shout quality, elegance, and finesse through every inch of their presence.

ARTIO

The Artio is a delightfully simple and minimalistic expression of the Air range. Embodying reductionism and refinement, which are hallmarks of a sleek, modern, and urbane lifestyle, the Artio makes a contemporary statement in every sense. Embedded within a square frame, the Artio switches can be installed as a single switch or as a combination of multiple switches to form a complete circle. The elegance, harmony and compositional unity that Artio represents gives it a truly timeless appeal.

Air A5 Absolute White Plate with Carbon Grey Arcos Switches

ARCOS

The Arcos switch is the perfect blend of sophistication and minimalism, thus encapsulating the signature design of the Air modular range. Like its contemporary Artio, the Arcos too fits seamlessly within the slot of the Air cover plates. The subtly contoured body and the arched edges of the Arcos separates it from the more austere shape of the Artio. Perfectly proportioned, the Arcos makes a distinctive style statement while adhering to Goldmedal's vision of crafting extraordinary, timeless, and truly amazing switches.

Air A3 Carbon Grey Plate with Carbon Grey Aero Switch, Orion Regulator

A3

If you thought practical was dull and boring then you've been looking at the wrong designs. The A3 cover plates will surprise you with their unique combination of practical utility and premium look. Super slim, flat, yet extremely durable, the A3 modular cover plates can easily be the first choice for modern interiors. The distinctive chrome border raises the style quotient of these plates to a higher level! So say yes to practical style that's never boring!

Air A5 Absolute White Plate with Aero Carbon Grey Switches

A5

The new A5 cover plate is a mix of playful elegance and contemporary styling. Gently curved with rounded corners and a sleek chrome border around the inner frame, the A5 is a refreshingly clean and modern design with a dash of added fun. Like other AIR cover plates, the A5 is restrained in a quiet, refined manner without being dull and boring. Introduce A5 to your interiors to exhibit that rare combination of elegance and charming playfulness!

A5 MOUNTING FRAMES - Horizontal & Vertical Distance for Screwing (Dimensions in mm)

Air A7 Atomic Blue Plate with Carbon Grey Wi-Fi Switch, Regulator

A7

The AIR A7 cover plate is a wonderful combination of contemporary minimalistic design and stylish elegance. This is an ultra-flat plate with softly rounded corners and sleek chrome border around the inner frame. Characterised by AIR's familiar austere yet charming looks, the A7 offers a quiet and reserved presence without appearing mundane or boring. A quintessential modern-day switch plate, the A7 adds a touch of luxury with convincing functionality to every setting.

safely.

FLUSH MOUNTING METAL GANG BOX

Compact, resilient and sturdy, the Goldmedal metal gang boxes are the ideal enclosures for your switchboard accessories. Available in galvanised and 304 grade stainless steel options, these metal gang boxes securely hold all electrical wires and components in place without any additional support. While the galvanised metal boxes are corrosion-resistant, the stainless steel metal boxes are rust-free, easy to clean, and extremely strong and durable. With their simple yet robust design, these mounting boxes play a passive but invaluable role in ensuring that your electrical devices perform to their optimum without any interruption!

•Conforms to IS 8623-1 & 3, IEC 61439-1 & 3 •IP-30.
•Suitable for Surface & Flush mounting. •Enclosure is made up of CRCA Sheet steel, RAL 9003 Powder coated, •with din rail, removable bus -bar, shrouded neutral/earth link with Conditional Short Circuit Rating of 15kA in SPN DB provided with isolable neutral link to carry out isolation test, also with high integrity/Clean Earth kit as accessory for electronic/IT installation to meet international safety standard DBs design with ample space for wiring. •There is a provision for DP MCB /Isolator/ RCCB/RCBO as incomer & SP MCBs as outgoing.

High performance delivered. Safely.

Air

Air Double Door Plastic (DB)
with Transparent Textured Finish Door Flap

Technical Features

- Conforms to IS 8623-1&3, IEC 61439-1&3 standards.
- Suitable for Surface & flush mounting.
- Dust proof IP40 & IK07 compliant.
- Manufactured using Main Body - CRCA Sheet, Door - ABS & Door Flap - PC
- Main Body Fully powder coated with 7 tank pre-treatment process.
- Ample space provided for proper placement of neutral & earth wires.

Safe, reliable
and efficient.

AirMCB

Compared to a traditional fuse, MCBs are designed to operate accurately under both overloading and short circuit conditions. Unlike a fuse, MCBs can also be reset quickly after they trips. RCCBs play an equally important role by automatically detecting and disconnecting the circuit whenever a fault occurs or the current exceeds the rated sensitivity. The MCBs and RCCBs from Goldmedal are housed within a plastic moulding that is made of flame-retardant, high strength plastic. The quality of the material used and its design ensures that these devices are highly durable and appear new in spite of years of use.

Maximum safety,
seamless power control.

AirRCCB | CHANGEOVER

Rapidly cuts off power during abnormal currents, preventing electric shock and enhancing home safety.

AERO

Aero Double Door Plastic (DB)
with Transparent Door Flap

Technical Features

- Conforms to IS 8623-1&3, IEC 61439-1&3 standards
- Suitable for Surface & flush mounting
- Dust proof IP40 & IK07 compliant
- Manufactured using Main Body & Door - Heavy Duty Plastic Material
- Ample space provided for proper placement of neutral & earth wires.

Solving your electrical challenges, precisely.

AirecoDB

The AirEcoDB distribution boards are sleek, stylish and elegant in appearance. Its appearance reflects the supremely minimalistic look of the AIR Range to which it belongs. Its crisp, clean lines accentuate the powder-coated, superior finish and durability of the product. Suitable for flush and wall mounting, the AIR DBs offer ample space for easy installation of MCBs, RCCBs and for all the wiring required. The AIR Distribution Board also complies with all the standard requirements and is water and weather resistant so that it retains its international look even after years of use.

Control, protect, and manage power with ease.

homeguard
Main switch & Fuse units

The Homeguard fuse units protect against overloads & short circuits, cutting power during faults to prevent damage. They ensure safe maintenance, prevent electric shock, and offer easy ON/OFF control. Essential for safeguarding lives & property from electrical incidents, these devices are a crucial investment in safety.

KNX Lifestyle Touch Panels & Push Buttons

Goldmedal is proud to present the world's most superior automation technology: the KNX Lifestyle Automation Solution.

Now, make your home smart and control it with ease, using the most modern, flexible, and stylish automation system available in the market. From young users to the oldest, every member in your family can use the soft touch push buttons, touch pads and switches to control every electrical aspect of your home. That's not all, they can even use their smart phones and tablets to control the system remotely from anywhere in the world.

The KNX Lifestyle Automation Solution incorporates all the latest technologies like DALI, Tunable White, RGB & RGB-W Control, Human Centric Lighting Control and is ready for all future upgrades.

From a single living room to a full commercial airport, Goldmedal's KNX Lifestyle Automation Solution has answers for all your automation needs. If you are thinking of automating your home or office, get in touch with us, now.

IT'S A SWITCH. IT'S ALSO A REMOTE!

The GMesh remote controller is a switch-cum-remote control. You can fix it to a wall or a table and thus use it as a switch (wirelessly), or you can take it with you and use it as a remote control.

Goldmedal's GMesh technology gives you the comfort of a wired automation system without changing the existing wiring in your home. From switching to dimming to controlling fans and curtains, to RGB lighting control to tunable lighting control, everything is possible with GMesh. Add the Bluetooth based devices to your existing network and it's done. You do not need a Wi-Fi or an Internet connection to control your room functions. Just switch on Bluetooth on your mobile phone and connect to your home network!

Bluetooth Controller

G-Mesh products can handle DALI, Tunable White, RGB & RGB-W Control, Human Centric Lighting Control and is also ready for all future upgrades. While this may sound complex, it will surprise you to know that G-Mesh commissioning and set up is so simple that even a child can do it! Yes, even changing a lighting scenario is a simple task.

A2D0001 is a BLE-enabled 2 channel 0-10V or DALI controller. It has a universal 100-277V AC input voltage range and can control 2 separate analog channels. 1 Tunable White channel, or one Dali channel.

PWM0004 is a BLE-enabled four-channel PWM dimmer for constant voltage LED loads, such as LED strips and constant voltage LED modules. The same device can be used for both 12 and 24V DC LED strips. Separate drivers are not required for LED strip or RGB Strip dimming.

REL0004 is a BLE enabled 4 channel relay with 4 separate inputs to control BLE device on the network. The 4 inputs can be freely programmed to do operations like Dimming, curtains, master functions etc. The device can be used for curtain control also.

DCS0001 is a BLE-enabled DALI controller. It does not have its own power supply. Instead, it is powered directly from a DALI bus. DCS0001 can be used with a DALI sensor for presence detection or daylight harvesting or it can be used for controlling Human Centric Lighting (HCL).

TED0001 is a BLE-enabled trailing-edge dimmer for operation of incandescent lamps, dimmable LED lamps, and dimmable LED control gear. It can be installed in the ceiling, inside a luminaire, or into a ceiling outlet box.

ASD0001 is a BLE-control unit for LED drivers with 0-10V, 1-10V, or DALI dimming interface. The control output can be configured either as analogue 0-10V (and 1-10V) or as a digital standalone DALI control interface.

Solutions to all your automation needs under one roof!

If you are planning to build a new home or a commercial building, you are bound to face a number of technical and financial challenges. These challenges have only grown with time. At Goldmedal, we present you a one-stop, complete home automation solution, under one roof.

Whether it's a single room, the entire house, a building, or a huge office complex, Goldmedal has the products and skills to automate them for you. Your goals can range from energy efficiency to increasing productivity to enhancing your lifestyle to a mix of other needs... we can tailor our solutions as per your demands.

The way you interact with your home or office can also be customized. Besides traditional interfaces like wall switches, push buttons, and touch panels, you can also control the automation through our mobile apps, smart phones, tablets, and smart watches.

With Goldmedal, the answers to all your home automation needs is just one call away!

Bringing our world closer to you!

Experience the amazing - at your doorstep!

Presenting Goldmedal's Mobile Showroom - a never-before-seen concept in the world of wiring devices and accessories. Now, instead of visiting a showroom or a retail store, you can simply walk into this mobile store at a location nearest you. Designed by renowned automobile designer Dilip Chabria, this innovative yet thoughtfully crafted mobile showroom displays Goldmedal's latest products in a superbly premium environment.

There are multiple such mobile showrooms that ply the length and breadth of the country. You can track their movements online to check when one of them will be closest to your location. There are no reservations to be made. Just walk up to the mobile store and you will be welcomed with open doors! A Goldmedal executive in the showroom will be happy to assist you. We look forward to seeing you inside our amazing store!

MOBILE SHOWROOM FEATURES

- LED Displays
- AC Environment
- Stylish, Ambient Light
